Re: UNDERGROUND INJECTION CONTROL (UIC)
Approval of Injection Fluid
Suckla Farms No.1 Class I Well
EPA Permit No. CO1516-02115
Weld County, CO

Dear Mr. Murphy:

Based on analytical data submitted to the Environmental Protection Agency (EPA) on October 8, 1997, on behalf of HS Resources and Amoco Production Company, pertaining to brine water from the Weld County Waste Disposal, Inc. facility, it has been determined by EPA that the fluid is classified as nonhazardous industrial waste. Therefore, the fluid (estimated volume 1,000,000 gallons) is approved for delivery and injection into the Suckla Farms No.1 disposal well as Class I waste. Additional fluid analyses of individual deliveries to the well site are not required, since the waste is from the same source.

If you have any questions concerning this letter, you may contact John Carson at (303) 312-6203. Also, please direct all correspondence to the attention of John Carson at Mail Code 8ENF-T.

Sincerely,

Sharon L. Kercher, Director

Re: UNDERGROUND INJECTION CONTROL (UIC)
Approval of Injection Fluid
Suckla Farms No.1 Class I Well
EPA Permit No. CO1516-02115
Weld County, CO

Dear Mr. Pae:

Based on analytical data submitted to the Environmental Protection Agency (EPA) on February 19, 1998, pertaining to waste water used to hydrotest a newly constructed pipeline, it has been determined that the fluid is classified as a nonhazardous waste. Therefore, the fluid (estimated volume 8,400 gallons) which is now contained in a tank at the Chase Pipeline Company Terminal in Aurora, Colorado, is approved for injection into the Wattenberg Disposal LLC Suckla Farms No.1 well as Class I industrial waste.

If you have any questions concerning this letter, you may contact John Carson at (303) 312-6203. Also, please direct all correspondence to the attention of John Carson at Mail Code 8ENF-T.

Re: UNDERGROUND INJECTION CONTROL (UIC)
Approval of Injection Fluid
Suckla Farms No.1 Class I Well
EPA Permit No. CO1516-02115
Weld County, CO

Dear Mr. Clark:

Based on the data submitted by AET Environmental pertaining to a gasoline and water mix generated from the removal of an underground storage tank (UST), please be advised that this type of waste has been classified by the Environmental Protection Agency as an exempt waste. Therefore, the fluid (estimated volume 3500 gallons) is approved for delivery and injection into the Suckla Farms No.1 disposal well. The source of the fluid is from the removal of a tank at Lundquist Association Underground Storage.

If you have any questions concerning this letter, you may contact John Carson at (303) 312-6203. Also, please direct all correspondence to the attention of John Carson at Mail Code 8ENF-T.

Suckla Farms #1 Class I Well
EPA Permit No. CO1516-02115
Weld County, CO

Dear Mr. Clark:

Based on the data submitted by AET Environmental to the Environmental Protection Agency on October 19, 1998, pertaining to a quenching bath solution (metal cleaning bath mix) from Electronic Metal Products, 21000 E. 32nd Parkway, Aurora, Colorado 80011, it has been determined that the fluid is classified as a nonhazardous waste. Therefore, the fluid (estimated volume 6,000 gallons) is approved for injection into the Wattenberg Disposal LLC Suckla Farms #1 well as Class I industrial waste.

If you have any questions concerning this letter, you may contact John Carson at (303) 312-6203. Also, please direct all correspondence to the attention of John Carson at Mail Code 8ENF-T.

Sincerely,

Re: UNDERGROUND INJECTION CONTROL (UIC)
Approval of Injection Fluid
Suckla Farms #1 Class I Well
EPA Permit No. CO1516-02115
Weld County, CO

Dear Mr. Clark:

Based on the data submitted by AET Environmental to the Environmental Protection Agency on October 19, 1998, pertaining to a quenching bath solution (metal cleaning bath mix) from the U.S. Mint, 320 Colfax Avenue, Denver, Colorado 80204, it has been determined that the fluid is classified as a nonhazardous waste. Therefore, the fluid (estimated volume 8,000 gallons) is approved for injection into the Wattenberg Disposal LLC Suckla Farms #1 well as Class I industrial waste.

This letter replaces a previous letter of approval which incorrectly listed the source of the waste as Electronic Metal Products. If you have any questions concerning this letter, you may contact John Carson at (303) 312-6203. Also, please direct all correspondence to the attention of John Carson at Mail Code 8ENF-T.

Re: UNDERGROUND INJECTION CONTROL (UIC)
Approval of Injection Fluid
Suckla Farms #1 Class I Well
EPA Permit No. CO1516-02115
Weld County, CO

Dear Ms. Dassow:

Thank you for submitting a laboratory analysis of oil field wastewater contained in storage tanks at the Conoco Spindle "A" Facility near Ft. Lupton, CO. The Environmental Protection Agency has determined that this type of fluid is an exempt waste and not subject to regulation under RCRA Subtitle C. This regulation exempts hazardous wastes which are associated with the exploration, development, and production of oil, natural gas and geothermal energy. Therefore, the fluid waste contained in Conoco's tanks is approved for injection in the Wattenberg Disposal LLC Suckla Farms #1 well. Amount of wastewater for disposal is approximately 605 barrels.

If you have any questions concerning this letter, you may contact John Carson at (303) 312-6203. Also, please direct all correspondence to the attention of John Carson at Mail Code 8ENF-T.

Re: UNDERGROUND INJECTION CONTROL (UIC)
Approval of Injection Fluid
Suckla Farms #1 Class I Well
EPA Permit No. CO1516-02115
Weld County, CO

Dear Mr. Rainey:

Based on the analytical data submitted December 7, 1998, pertaining to wastewater from crude oil storage tanks, it has been determined by the Environmental Protection Agency that the fluid is classified as a nonhazardous waste. Therefore, the wastewater (estimated volume 1000 barrels) is approved for injection into the Wattenberg Disposal LLC Suckla Farms #1 well as Class I industrial waste. The source of the wastewater is from several storage tanks located in north central Colorado which were owned by Koch Oil Company.

EPA Permit No. CO1516-02115
Weld County, CO

Dear Mr. Kauffman:

Pursuant to Part III, Section B. 1. of the above-referenced Class I Underground Injection Control (UIC) permit, a modification to said permit is to be made. Changes to the original version of the TITLE SHEET (Page 1) and PART I. AUTHORIZATION TO INJECT (Page 4) are as follows:

Original version: (TITLE SHEET, Page 1)

UNDERGROUND INJECTION CONTROL PROGRAM

Final Permit

Class I Nonhazardous Industrial Waste Disposal Well

Permit No. CO1516-2115

Well Name: Suckla Farms #1

Field Name: Spindle

County & State: Weld County, Colorado

issued to:

Wright's Disposal, Inc.
P. O. Box 233
Fort Lupton, Colorado 80621

Printed on Recycled Paper

Is Modified to read: (TITLE SHEET, Page 1)

UNDERGROUND INJECTION CONTROL PROGRAM

Final Permit

Class I Nonhazardous Industrial Waste Disposal Well

Permit No. CO1516-02115

Well Name: Suckla Farms #1

Field Name: Spindle

County & State: Weld County, Colorado

issued to:

Wattenberg Disposal LLC
1675 Broadway, Suite 1970
Denver, Colorado 80202

Original version: (Page 4)

PART I. AUTHORIZATION TO INJECT

Pursuant to the Underground Injection Control Regulations of the U. S. Environmental Protection Agency codified at Title 40 of the Code of Federal Regulations, Parts 124, 144, 146, and 147,

Wright,s Disposal, Inc.
P. O. Box 233
Fort Lupton, Colorado 80621

is hereby authorized to operate a Class I disposal well, commonly known as Suckla Farms #1, located in the SE 1/4 of the NW 1/4, 2,140 feet from the north line and 2,020 feet from the west line of section 10, Township 1 North, Range 67 West in Weld County, Colorado. Injection shall be for the purpose of disposing of industrial waste fluids and produced water from oil and gas fields, in accordance with conditions set forth herein.

Is modified to read: (Page 4)

PART I. AUTHORIZATION TO INJECT

Pursuant to the Underground Injection Control Regulations of the U. S. Environmental Protection Agency codified at Title 40 of the Code of Federal Regulations, Parts 124, 144, 146, and 147,

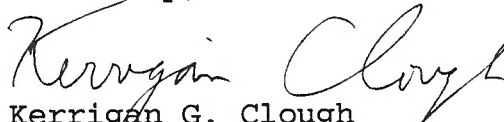

Wattenberg Disposal LLC
1675 Broadway, Suite 1970
Denver, Colorado 80202

is hereby authorized to operate a Class I disposal well, commonly known as Suckla Farms #1, located in the SE 1/4 of the NW 1/4, 2,140 feet from the north line and 2,020 feet from the west line of section 10, Township 1 North, Range 67 West in Weld County, Colorado. Injection shall be for the purpose of disposing of industrial waste fluids and produced water from oil and gas fields, in accordance with conditions set forth herein.

All other provisions and conditions of the final permit for the Suckla Farms #1 well remain as originally issued or as previously modified.

Please direct all correspondence, forms and reports to John Carson at the above letterhead address, citing Mail Code 8ENF-T, or call Mr. Carson at (303) 312-6203 if you should have further questions.

SUMMARY OF COMMUNICATION

Lynn Dassow (406) 255-7916 called:
Said they had cleaned out a crude oil
storage tank. Removed water, then tested
bottom solids which were O.K., except they
were flammable.

Water was mistakenly taken to Wattenberg
well & injected - 605 bbls. Contractor assumed
it was oil field water. Contractor was head
Energy Construction

Still have 120 bbls of same water which
Conoco will test for non hazardous, ck
benzene, etc.

Will FAX in test results in couple of weeks.

CONCLUSIONS, ACTION TAKEN OR REQUIRED

10/26/98 - Monday - Kent Gilbert called Friday re: the above. Said
water was presented to them as produced water and that
Lynn Dassow would call me.

10/27/98 - Called Kent on his Cell phone. Told him Conoco would
send in analysis.

11/19/98 - Dassow called. Had analysis to send in. Think benzene
may be too high, hence hazardous.

11/24/98 - Rec'd analysis from Dassow - checked w/ Carlin Darling.

INFORMATION COPIES

TO: 12/2/98 - Called Lynn Dassow re: approval letter to be sent for 605 bbls.

NOTICE OF INSPECTION

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
REGION VIII, 999 18TH STREET - SUITE 500
DENVER, COLORADO 80202-2405

Date: 7/16/98 Notice of inspection is hereby given according to Section 1445(b) of the Safe
Drinking Water Act (42 U.S.C. §300f et seq.).
Hour: 10:00

Firm Name: Wattenberg Disposal LLC
Firm Address: 1675 Broadway, Suite 1970
Denver, CO 80202

REASON FOR INSPECTION:

For the purpose of inspecting records, files, papers, processes, controls and facilities, and obtaining samples to determine whether the person subject to an applicable underground injection control program has acted or is acting in compliance with the Safe Drinking Water Act and any applicable condition of permit or rule authorization.

SECTION 1445(b) of the SAFE DRINKING WATER ACT is quoted below:

Section 1445(b)(1): Except as provided in Paragraph (2), the Administrator, or representatives of the Administrator duly designated by him, upon presenting appropriate credentials, and a written notice to any supplier of water or other person subject to (a), or person subject (A) a national primary drinking water regulation prescribed under Section 1412(B) an applicable Underground Injection Control Program, or (C) any requirement to monitor an unregulated contaminant pursuant to subsection (a), or person in charge of any of the property of such supplier or other person referred to in clause (A), (B), or (C), is authorized to enter any establishment, ... facility, or other property of such supplier or other person in order to determine whether such supplier or other person has acted or is acting in compliance with this title, including for this purpose, inspection, at reasonable times, of records, files, papers, processes, controls, and facilities, or in order to test any feature of a public water system, including its raw water source. The Administrator or the Comptroller General (or any representative designated by either) shall have access for the purpose of audit and examination to any records, reports, or information of a grantee which are required to be maintained under subsection (a) or which are pertinent to any financial assistance under this title.
